CPD

As an artist this is ongoing through exhibitions, documentation and a continued commitment to my own practice.
I am currently taking part in a Website Design course on Thursday evenings.
During this class I am producing a website to compliment the Histories – 2100 exhibition, with the aim of acquiring transferrable IT skills.
In the past I have undertaken a woodcarving course as well as relevant internal development offered by Highland's College throughout the academic year.

Youth Work CPD is regular and ongoing. I have recently taken part in a 'Listening and Advice Skills' session. Other training has included Child Protection courses, 'An Introduction to grant making', the annual Youth Service Conference, First Aid, CEOPS awareness, 'Hear By Right' and many more topics that are relevant to working with young people.
